We understand that as a city manager it is your duty to act in a manner that is beneficial towards the city budget, residents, and employees. To juggle such a task can be overwhelming but Local 12 is confident that you always look to the betterment of the city as a whole. With that being said, we as city employees would like for you to entertain some requests that could assist us in a time where economic hardships hit most of us and the cost of living continues to increase.

-We would like to see our dental and eye coverage stay the same as it has in recent years

-Our hopes are that the 80/20 healthcare split remains the same

-As having a 100% compliant EMT staff, Local 12 would like to see a \$10.00 per pay addition for "EMT PAY"

-We appreciate that the city has been able to give us a 2% pay raise last year and the previous year, but with an increase in healthcare costs it merely offsets the difference in this increase. Our request is that the city considers a 5% pay increase this year

On behalf of Wheeling Firefighters Local 12, I would first like thank you for giving us the opportunity to sit down and meet with us during your busy schedule. We in Local 12 feel that a good rapport and working relationship has been built between you, the city of Wheeling and us, and we would like to continue to move in a positive direction for years to come.

Regards,
