

An aerial, semi-transparent view of a city, likely Wheeling, West Virginia, showing a river, a bridge, and various urban buildings and streets. The image is used as a background for the title and meeting information.

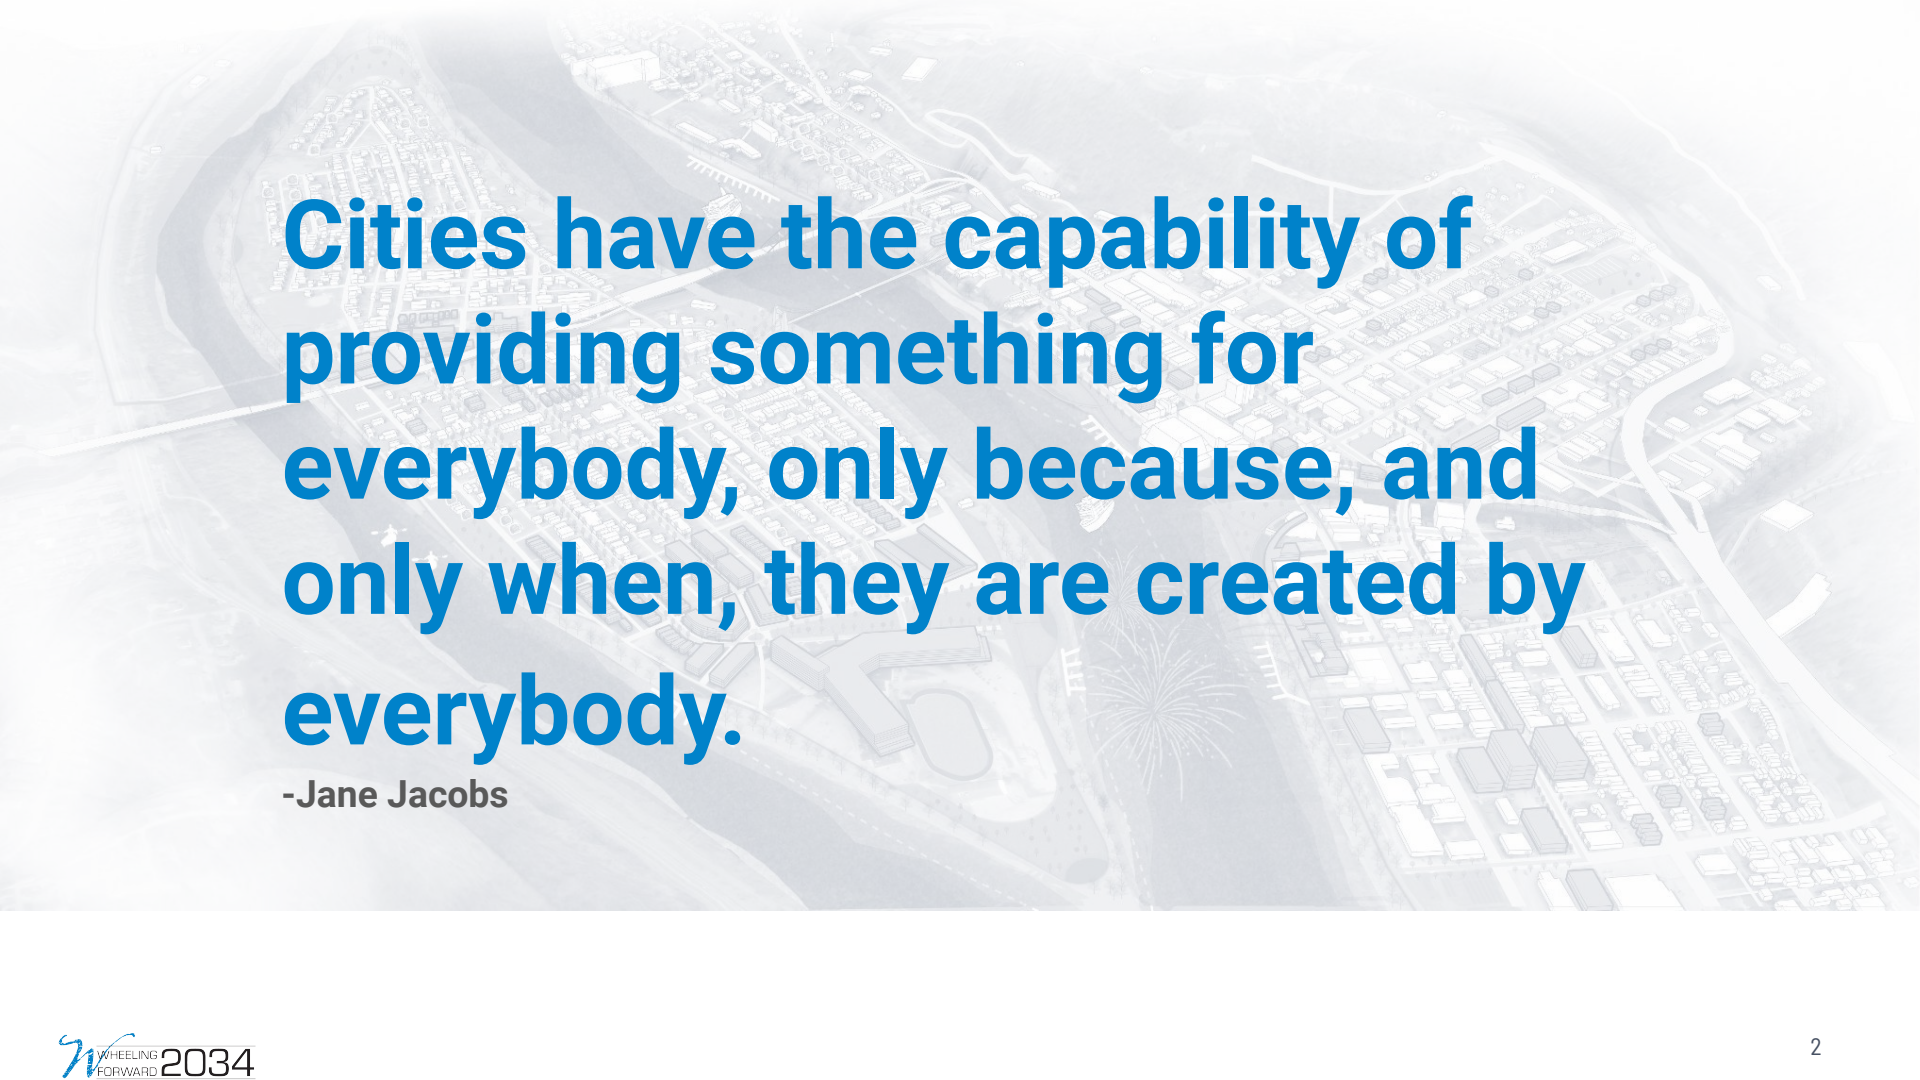

# Comprehensive Plan Update

Public Meeting 03: Neighborhood Planning

September 12, 2024

A large, stylized blue letter 'W' with a white, dotted or perforated texture. A blue line extends from the top of the 'W' and curves upwards and to the right, ending near the top of the '2' in the year '2034'.

WHEELING  
FORWARD 2034

An aerial, grayscale photograph of a city, likely Wheeling, West Virginia, showing a river, streets, and buildings. In the lower right quadrant, a burst of fireworks is visible. The text is overlaid in a bold, blue, sans-serif font.

**Cities have the capability of providing something for everybody, only because, and only when, they are created by everybody.**

**-Jane Jacobs**

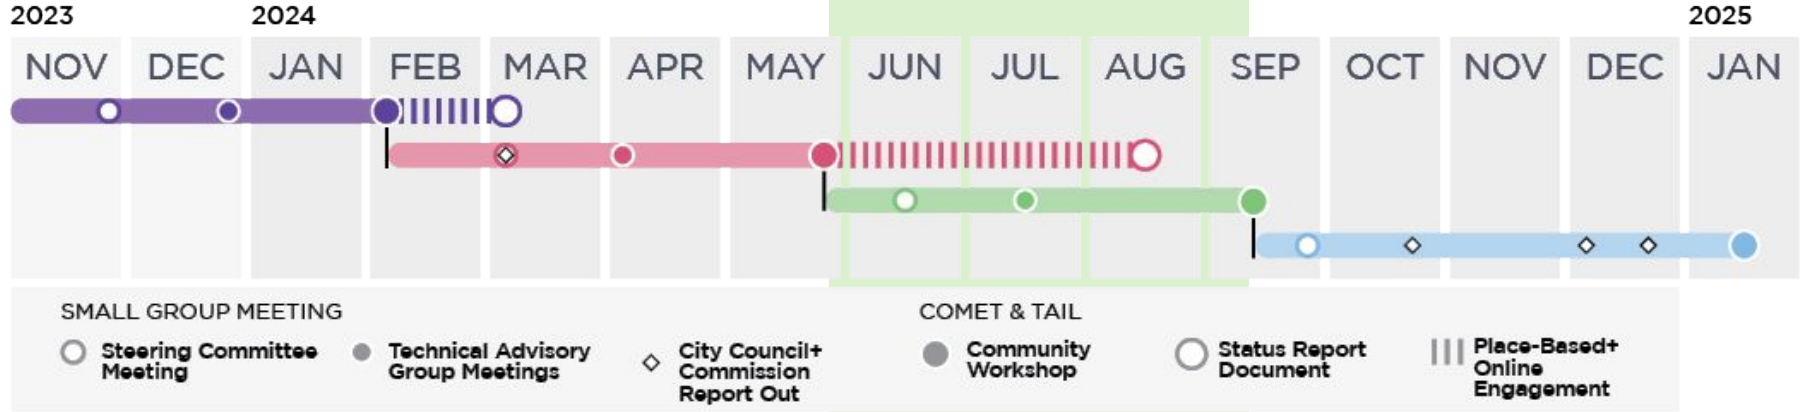

## Vibrant Cities are a combination of

**Software:** the relationships between people and institutions that make cities dynamic and the

**Hardware:** the places and infrastructure that are our backdrop to our lives

**Intentionally  
shaping both can  
create change**

# Full Project Schedule as of July 15, 2024

## PHASE 01 ARTICULATING A VISION

**NOV'23 - FEB'24**

Where are we now?  
Where are we  
headed?

## PHASE 02 DEVELOPING A PLAN

**FEB'24 - MAY'24**

What is the possibility  
for change?

## PHASE 03 DEEPENING PRIORITIES

**MAY'24 - AUG'24**

What can we do?  
How can we get there?

## PHASE 04 LAUNCHING INTO ACTION

**AUG'24 - NOV'24**

Let's get started!

## Comprehensive Plan

[Home](#) > [Departments](#) > [Building & Planning](#) > [Comprehensive Plan](#)

Envisioning a community's future is a powerful event that shapes both the physical environment and the people that reside within it.

Wheeling Forward 2034, the City's Comprehensive Plan, will focus on revitalization and reinvestment in public spaces, business districts and neighborhoods. A Comprehensive Plan describes a community vision and the steps to make it a reality. Comprehensive Plans make recommendations that can inform land use regulations and help guide growth and development for up to a 10-year period. This four-part planning process will be the community's opportunity to shape city-wide priorities for the future. The plan will address the following topics:

- Youth and Education
- Aging in Place
- Housing
- Arts and Culture
- Community Development
- Labor and Industry
- Land Use
- Transportation
- Resilience

# NEIGHBORHOOD PLAN AGENDA

**Meeting Goal.** The team had put together preliminary recommendations for land use designations in key areas of the city. With this group, we hope to refine the big ideas and better understand what the critical issues and next steps the city should take with its partners.

45 min

**Introduction**

70 min

**Small Group Discussions: Neighborhood Character**

5 min

**Final Thoughts + Next Steps**

Vision and Goals

# WHEELING TODAY+TOMORROW

We've articulated what success looks like for the city as the comprehensive plan is implemented.

# Our vision

guides our  
decisions as we  
navigate the  
future.

## vision

How do we leverage our legacy while remaining competitive in a rapidly changing world?

**Wheeling, WV is a  
community of choice**

where **forward thinking**  
and **collective action**  
offer a **high quality of life** ,  
ensuring **equitable prosperity**  
**for all** .

# Our systems

are the essential components that make cities work.

# Our goals

are broad, overarching outcomes that we hope to accomplish.

**Goals**

How do we know if our actions are making an impact?

**RESILIENCE**

**The City of Wheeling is prepared** for any challenge through reliable networks of support and infrastructure.

**ECONOMY**

**The City of Wheeling is an partner** for people and industry realizing their full potential.

**CULTURE**

**The City of Wheeling is alive** with self starters who inspire others through their craft and innovation.

**MOBILITY**

**The City of Wheeling is a regional center** that builds connections between people businesses and institutions.

**DEVELOPMENT**

**The City of Wheeling is a growing destination** that can accommodate local and regional activity.

**HOUSING**

**The City of Wheeling is building community** reflecting emerging desires for walkable, historic, and sustainable neighborhoods.

Objectives and Initiatives

# CITY SYSTEMS + SCENARIO DEVELOPMENT

We've developed an action plan that will address how development changes cities like Wheeling.

**objectives**

What are the strategies that will inform the city's actions?

**RESILIENCE**

Improve the health of our environmental assets.

Improve access to essential services.

Improve access to quality parks and recreational amenities.

**ECONOMY**

Attract high-paying jobs with the potential for growth into the region.

Attract businesses in key industries.

Support growth among local and entrepreneurial business start-ups.

**CULTURE**

Retain our emerging local talent with opportunities to stay home.

Attract professionals and families into the city.

Increase participation and production of arts and craftsmanship.

**MOBILITY**

Maintain the quality of our infrastructure.

Support the safe passage of people who travel without a car.

Improve connections to regional networks and destinations.

**DEVELOPMENT**

Support a daytime to nighttime economy in the downtown historic districts.

Create a clear process for the preservation of underutilized properties.

Expand the activities around the university and medical campuses to accommodate broader community needs.

**HOUSING**

Provide housing choices for younger and senior populations who want to own.

Provide quality places to live that remain affordable for the city's early adopters.

Preserve the historic character of the city's existing housing stock.

# ACTIVITY

## Deck City

Participants evaluated the impact of a preliminary set of initiatives that would support the city's growth within a given scenario.

01

RESILIENT CITY

The City of Alameda, only a few miles from San Francisco, is a leader in manufacturing. To support this, the city is exploring ways to create a more resilient city.

YES!

YES, IF...  
(with conditions)

I NEED TO  
KNOW MORE

LIFE SCIENCE RESEARCH AND  
MANUFACTURING

Life science companies can be recruited to the Alameda manufacturing area by partnering with developers to create amenable lab and manufacturing space.

# What if Wheeling were known as a...

## RESILIENT CITY

The City of Wheeling deftly navigates its floods with a **resilience hubs** and **evacuation paths** and **recovery plans**. Its adaptivity enables **commercial and cultural vitality**, propelling the city into the future as a **beacon of resilience**.

## VANGUARD CITY

The city of Wheeling, known for its **cultural richness**, boasts **historic architecture**, picturesque **parks, extensive trail networks**, a burgeoning **arts scene**, and has become a **center of cultural vibrancy**.

## WELCOMING CITY

The City of Wheeling stands as the **center of regional commerce**, its influence propelled by a **growing population**, a **compact urban core**, and increasingly accelerated **urban expansion**.

# ICE BREAKER

## Roll Into the Future

Participants were given three dice that, when put together, describe a randomized scenario to problem solve.

# For Elders

More **assisted living housing** stock!! More (flat) single story homes with activities and easy **access to services and amenities and cultural opportunities.**

Ensure **ADA accessibility**

"**Blue Zones**" for community living.

Enrichments and social opportunities to engage without needing to drive. **Public transit** that is more flexible

# Students + Youth

To **continue meetings** such as this even after the Wheeling 2034 project is underway ...more **diverse concepts.**

School campuses find ways to include... **classes that are more casual and affordable,** not just for degrees

The city could **invest in trades** like welding, HVAC, and plumbing

A trolley system to move students around, **remove reliance on cars**

# Workers + Residents

Agree that we like being **small but mighty city,** not a metropolis; We want to grow but do not want to lose our **charm and character** <3

**Responsible development** of land buildings and properties; **incentives for risk takers and entrepreneurs**

**Community center and senior center** are big needs. Communication and **transportation**

**Affordable housing** for both renters and buyers;

**Festivals, fairs and functions** throughout the area. lebanese, greek, italian, celtic festivals are areas that we do well.

**initiatives**

What are the specific action that the city should prioritize in the next 10-years as resources become available?

**RESILIENCE**

- FEMA Floodplain Mitigation
- Landslide Mitigation
- Brownfield Remediation
- Satellite Grocery Stores
- Community Health Clinics
- Digital Inclusion Programs
- Parks Master Plan
- Riverfront Connections
- Green Space Initiatives

**ECONOMY**

- Innovation Districts
- Workforce Development Programs
- Research and Development Support
- Relocation Grants
- Employment Accessibility Initiatives
- Targeted Industry Recruitment Programs
- Extended Business Hours
- Business Incubators and Accelerators
- Revolving Business Loans

**CULTURE**

- Youth Leadership Programs
- Apprenticeship Programs
- Early Childcare Programs
- Smart City Initiatives
- Industry Connection Series
- Neighborhood Recreation Centers
- Public and Performing Arts Trust Fund
- Arts and Culture Growth Fund
- Arts and Cultural Programming

**MOBILITY**

- Wayfinding and Signage
- Complete Streets Ordinance
- Bridge and Tunnel Maintenance
- Transit Stop Improvements
- Public Transit Service Expansion
- Safe Routes to School
- Waterway Stewardship Program
- Regional Trail Connection
- Urban Greenway Development

**DEVELOPMENT**

- Public Space Improvements
- Safety and Accessibility Improvements
- Business Improvement Districts
- Citywide Zoning and Building Code Updates
- Land Banking
- Community Benefits Agreements
- Urban Redevelopment Projects
- Community Access Programs
- Community Revitalization Program

**HOUSING**

- Affordable Housing Trust Funds
- Community Land Trusts
- Homeownership Assistance Programs
- Home Repair and Rehabilitation Programs
- Adaptive Reuse Projects
- Historic Preservation Programs
- Affordable Housing Development Incentives
- Tenant Protection Laws
- Missing Middle Development

Land Use and Development

# NEIGHBORHOOD PLANNING

Today we will imagine the neighborhoods & places where we will thrive.

# ASSET MAPPING

Participants shared places that were important to them in the city.

### Riverfront Park Development

Prioritizing public and open space that can absorb water during river surges.

### Essential Service Districts

Access to critical facilities in times of need that are protected from climate risks.

### Flooding and Landslide Mitigation

Updated guidelines and resources to prepare for increasing rain events.

### Downtown to Market St

Investments in connecting and increasing the economic activity in the Historic Downtown and Centre Market.

### Betterment District

Concentration of people who are looking for opportunity through trade schools, training programs, or college.

### Entrepreneurial Support

Specialized spaces, tools, training, resources, and mentorship programs for local start-up businesses.

### Innovation District

A concentrated cluster of physical spaces for entrepreneurs, medical institutions, and start-ups

### Walkable Districts

Dense centers connecting residents to daily necessities by biking, walking or busing and prioritizes safety.

### Equitable Transit Options (OVRTA)

Expanded bus network with more stops, efficient routes, and extended hours.

### Great American Rail Trail Connection

Historic Trail Network linked to regional recreational assets and tourism economy.

### Wheeling Island Riverfront

Updated guidelines and resources for homeowners dealing with floodplain issues.

### Preserve and Renovate

Updated guidelines and resources to maintain the character of our historically significant buildings.

### Homeownership Subsidy Models

Financial support for the development and local ownership of multi-unit homes.

### Walkable Districts

Dense centers connecting residents to daily necessities by biking, walking or busing and prioritizes safety.

### Downtown to Market St

Investments in connecting and increasing the economic activity in the Historic Downtown and Centre Market.

### Preserve and Renovate

Updated guidelines and resources to maintain the character of our historically significant buildings.

### Riverfront Development

Position properties along the riverfront as an asset where people want to live, work and connect to each other.

### Betterment District

Concentration of people who are looking for opportunity through trade schools, training programs, or college.

### Growing in Place

Institutional programming and places that support resident in every stage of life like education, or health.

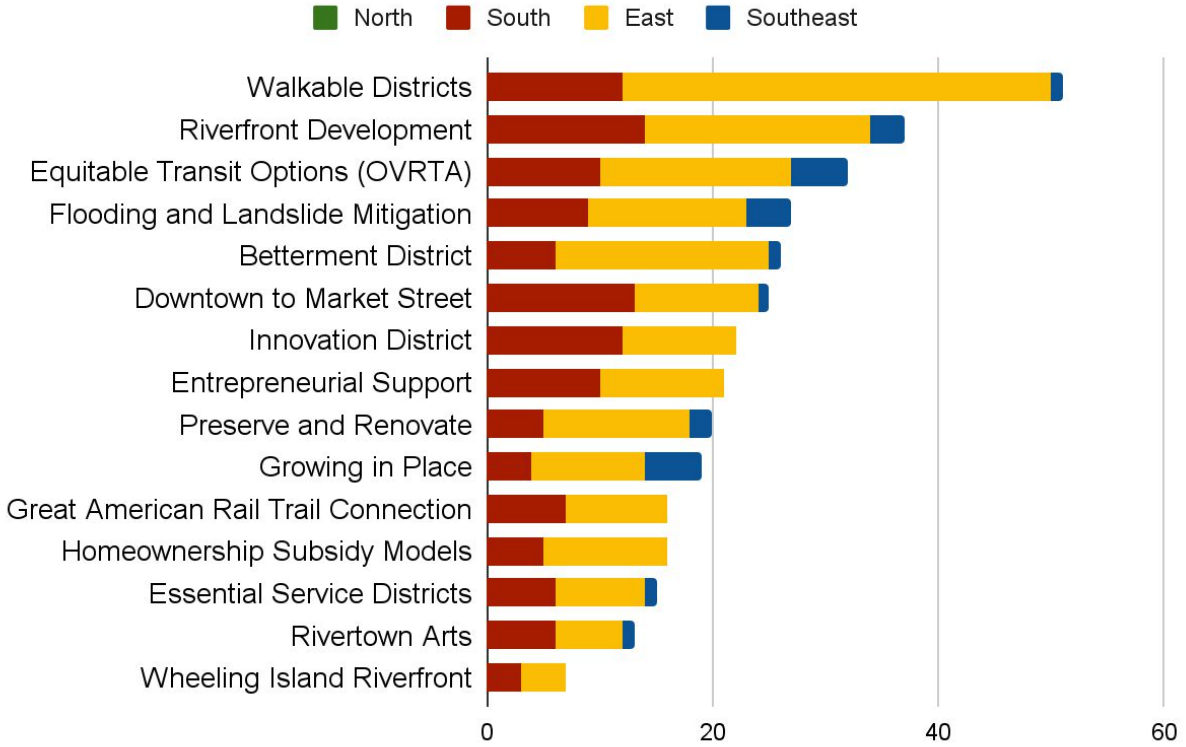

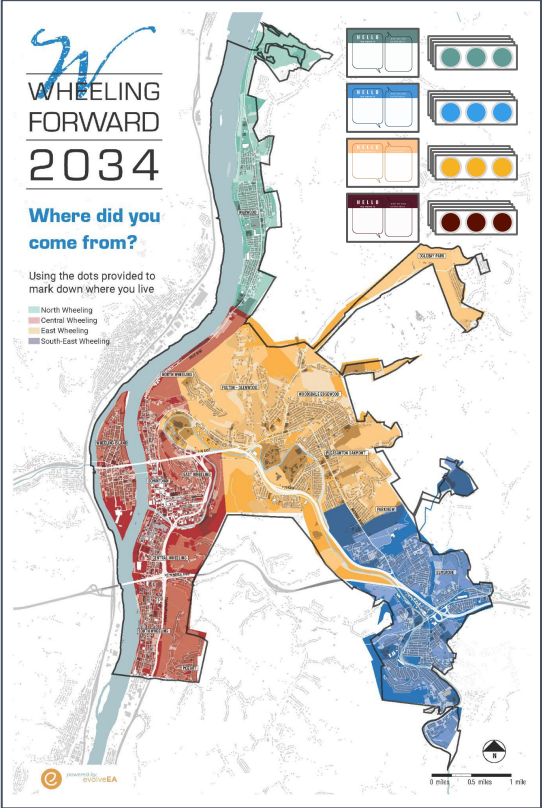

### River Town Arts

Enhanced performing- and visual-arts programming and projects that celebrate our relationship to water.

# Priority Projects by Parts of the City

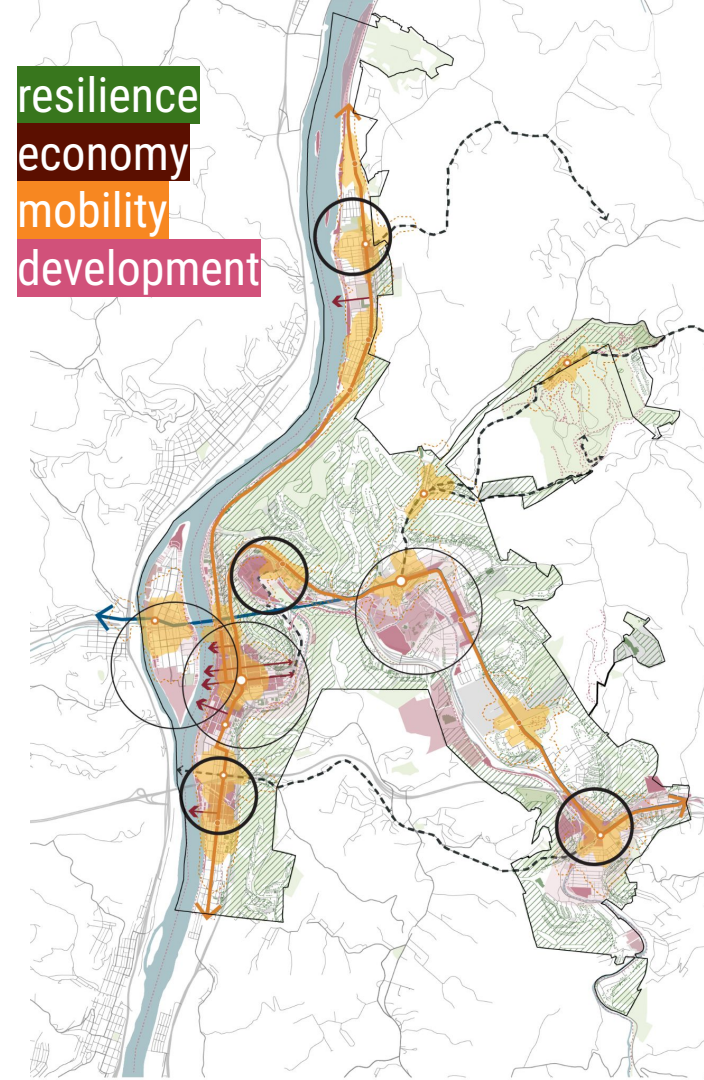

# Neighborhood planning areas

Priority Sites emerge in the places that multiple catalytic projects intersect.

A preliminary vision for these areas have been developed to aid discussion about development opportunities as resources become available.

resilience

# Flooding and Landslide Mitigation

A proactive approach to climate related issues allow for the city to fully engage with their unique environmental assets.

# Entrepreneurial Support

There are several economic nodes across the city that provide employment opportunities. By expanding both the geography and permitted building types we can support the next generation of innovators and entrepreneurs.

mobility

# Equitable Transit Options OVRTA

Multi-modal transportation options enable residents and visitor to explore more of the city. Public transportation serves as the city's tour guide.

development

# Riverfront Development

The city can double down on its promise as a river town by activating both sides of the river with new investment along the water that enable more recreational and cultural offerings.

# Waterway communities

What makes the city of Wheeling unique is its inextricable link to its environment. The sinewy orientation of development is a result of the historic riverbed in this region.

While it limits where new development can be located, it creates an intimate relationship between the water and adjacent neighborhoods.

# Waterway Communities

## Ohio River Communities

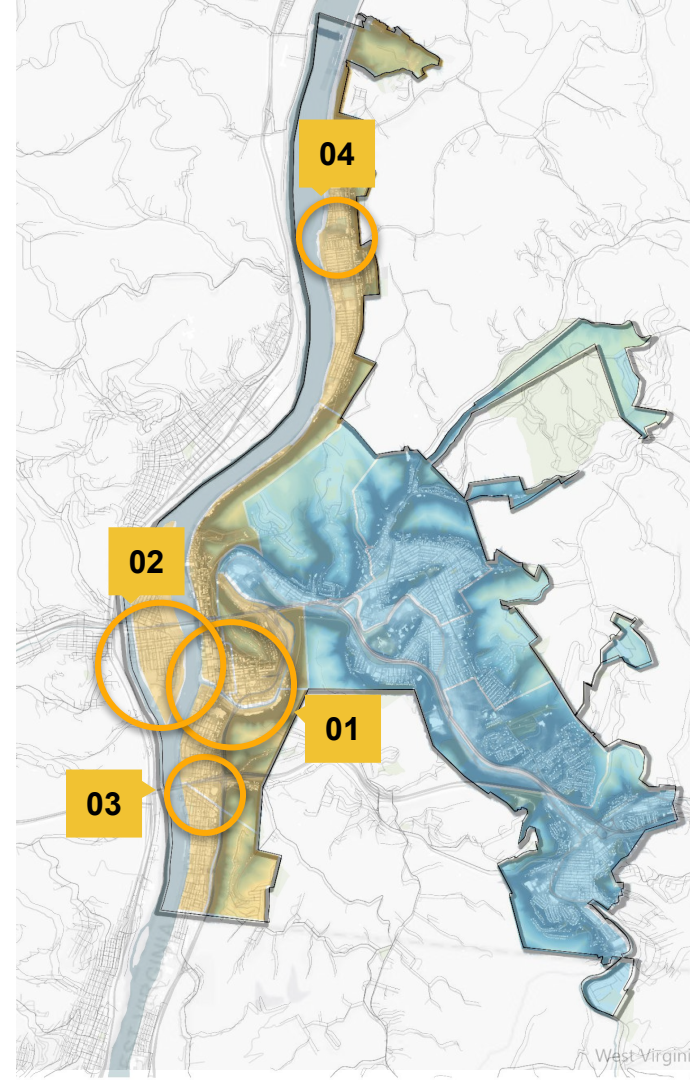

The the commercial and a historic cultural centers are seamlessly integrated into residential communities, creating truly walkable urban neighborhoods. This corridor is attractive for residents who are entrepreneurial and want to be close to the action.

01 **Downtown to Market Connection**
