Mayor Denny Magruder and
Members of Wheeling City Council
City of Wheeling
1500 Chapline Street
Wheeling, WV 26003

Dear Mayor and City Council Members:

It is my pleasure to present to the Mayor and City Council the proposed Fiscal Year 2025-26 General Fund and Coal Severance Budget for your review. As has been the case in the past, this budget represents the operating budget for our local government in FY 25-26 without proposed capital projects or purchases. This approach has been successful in insuring that the City continues to provide quality municipal services in a financially solid manner, as four months remain in the current fiscal year.

As is the case with sound budgeting philosophy, this budget is based on conservative revenue projections versus reasonable expectations for expenditures although again this year we have focused on as accurate revenue projections as possible. Generally speaking, the municipal services that have been provided to the citizens of Wheeling will remain the same. It is important to note that we will continue to work hard to insure that the most efficient and effective services possible are being offered to the community and continually strive to improve our service delivery. Please note that this proposed budget doesn't include any proposed increase in fees or taxes.

The City of Wheeling, from a budget standpoint, finds itself in the similar situation to many cities throughout the country in that we've been able to keep our nose above water financially. Some cities unfortunately can't make that same claim. We will always closely monitor expenditures to insure that, although budgeted, each expenditure is necessary and is in the best interest of delivering municipal services to our community. Also the Administration will continue to provide financial options to Council to enable the City to accomplish goals that come up throughout the upcoming year. In addition, revenues will be monitored very closely as there is virtually no margin for error.

I have enclosed the Department Heads' Budget submittals as I received them. Council can compare the proposed budget against the Department Head requests to remain informed as to each Department's need and to gauge the various cuts that have been made to balance the budget. Please note that in order to commit to a balanced budget, Department Head requests are adjusted by me to create a balanced budget. In addition, each Department's Goals and Objectives for the upcoming fiscal year are included. Finally, I would like to thank the Department Heads for their efforts in putting together this proposed budget. Their serious approach to the budget process helps ensure that the best possible information is put forth.

I am looking forward to discussing the proposed 2025-26 budget with you. In the meantime, if you have any questions, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "RH".

FY 2025-26

Budget Discussion Points

Proposed Revenues and Expenditures

Proposed General Fund Expenditures for FY 25-26 are projected at \$39,770,662 compared to the current budget at 38,856,345. As we have been discussing at the monthly Finance Committee meetings, I do expect the current budget could be amended upward by the end of the fiscal year.

Proposed revenues are projected to be \$39,770,662 compared to \$38,576,342. The increase in revenue can be attributed to an interest transfer from the Budget Stabilization Fund, a proposed adjustment to the Sales Tax Allocation, West Virginia First Foundation CRU Grant (off set costs) and property taxes.

Also please note that the budget doesn't include capital improvements. However, an estimated \$1,800,000 is available for capital improvements through the City's Restricted Capital Improvement Fund and via one half of the City's Service Fee. The service fee breakdown was established at \$2 per week with \$1 going towards public safety and \$1 towards Infrastructure. Most of the "public safety" city service fee is obligated to debt service on the Police and Fire Headquarter buildings. The infrastructure portion of the service fee is available for Council consideration. Examples of eligible uses of these funds are general public infrastructure including but not limited to road slips, paving, local match on larger projects, sidewalks, public building improvements, etc.

While the funds are technically not part of the General Fund Budget, I am offering suggestions for Capital expenditures based on department budget requests and general infrastructure needs. The recommendations for Council consideration are as follows:

| | |
|--|-----------|
| Street Resurfacing | \$800,000 |
| Glenwood Road road slip | \$500,000 |
| Technology upgrades (replace firewall, replace Windows 10) | \$200,000 |
| General Contingency: project engineering, vehicles, local match, etc. | \$300,000 |

Health Insurance

The anticipated health insurance increase for this year is 10%. This proposed budget maintains the long-standing City payment of 80% of the monthly premium expenses, with employees contributing 20% monthly. Premiums for family coverage are estimated to cost \$2577.00 per month, employee plus one is \$1874.61 per month, and single coverage is \$ 937.31 per month. The cost to the general fund for employee insurance benefits is \$4,252,833.

80/20 Monthly premium / Per pay employee cost / Monthly City cost

| | | | |
|-----------|-----------|----------|-----------|
| EE | \$937.31 | \$86.52 | \$749.85 |
| EE + 1 | \$1874.61 | \$173.04 | \$2062.08 |
| EE Family | \$2577.60 | \$237.93 | \$2062.08 |

Sales Tax Breakdown

The proposed sales tax breakdown is proposed to change slightly. The current breakdown is 69% General Fund, 16% Sales Tax RCIP

and 15% Arena RCIP. The new proposed allocation is 71% General Fund, 15% Sales Tax RCIP and 14% Arena RCIP.

| <u>Proposed New 25-26</u> | <u>Overall (\$6,195,652)</u> | <u>Current</u> | <u>Overall (\$6,195,652)</u> |
|---------------------------|------------------------------|----------------|------------------------------|
| GF 71% | \$4,398,912 | GF 69% | \$4,274,999 |
| Arena 14% | \$867,391 | Arena 15% | \$929,347 |
| RCIP 15% | \$929,347 | RCIP 16% | \$991,304 |

Arena RCIP

| | |
|--|-----------|
| Arena debt service | \$516,000 |
| RED Loan | \$184,000 |
| <u>Total Debt Service - \$700,000</u> | |

Sales Tax RCIP

| | |
|---------------------------------|-----------|
| Annual debt service | \$896,000 |
| Market Street Parking Structure | |

Capital Improvements

The proposed FY 25-26 General Fund Operating Budget doesn't include Capital Improvements and does not include an allocation for paving. Please note that outside of the General Fund approximately \$850,000 per year is generated in the Regular RCIP account almost entirely of oil and gas royalties. In addition, approximately \$950,000 per year is available for infrastructure projects in the City Service Fee account. Please note that \$905,000 of City Service Fee funds are put toward Annual debt service at the new Police and Fire facilities. Also note that \$896,000 per year of Sales Tax revenue is utilized for debt service on the Market Street Parking Structure. Recommendations on Capital Improvements

outside of the general fund are included in the “Proposed Revenues and Expenditures discussion point.”

Budget Stabilization Fund

This proposed budget does not anticipate tapping into the Stabilization Fund base amount of \$5,000,000, however, it does include a \$500,000 contribution to the General Fund which is interest that has accrued within the Fund.

Public Safety

The proposed budget's largest expenditure group is Public Safety with Department's proposed budget of the Police \$ 9,524,370 and Fire Departments' of \$10,633,951. Both departments have been stabilized for an employee standpoint by the action of market rate salary adjustments from the past 3 years. These adjustments have made each department extremely competitive for a wage perspective not only in the state but in the tri-state region. The institution of 12-hour shifts in the Police Department has been a great success. The Chief's ability to effectively utilize officers, has reduced crime rates, reduced overtime, maintained minimum manning thresholds and greatly improved officer moral. There is expense associated with 12-hour shifts, but in my opinion the rewards have been spectacular, and far outweighing the cost.

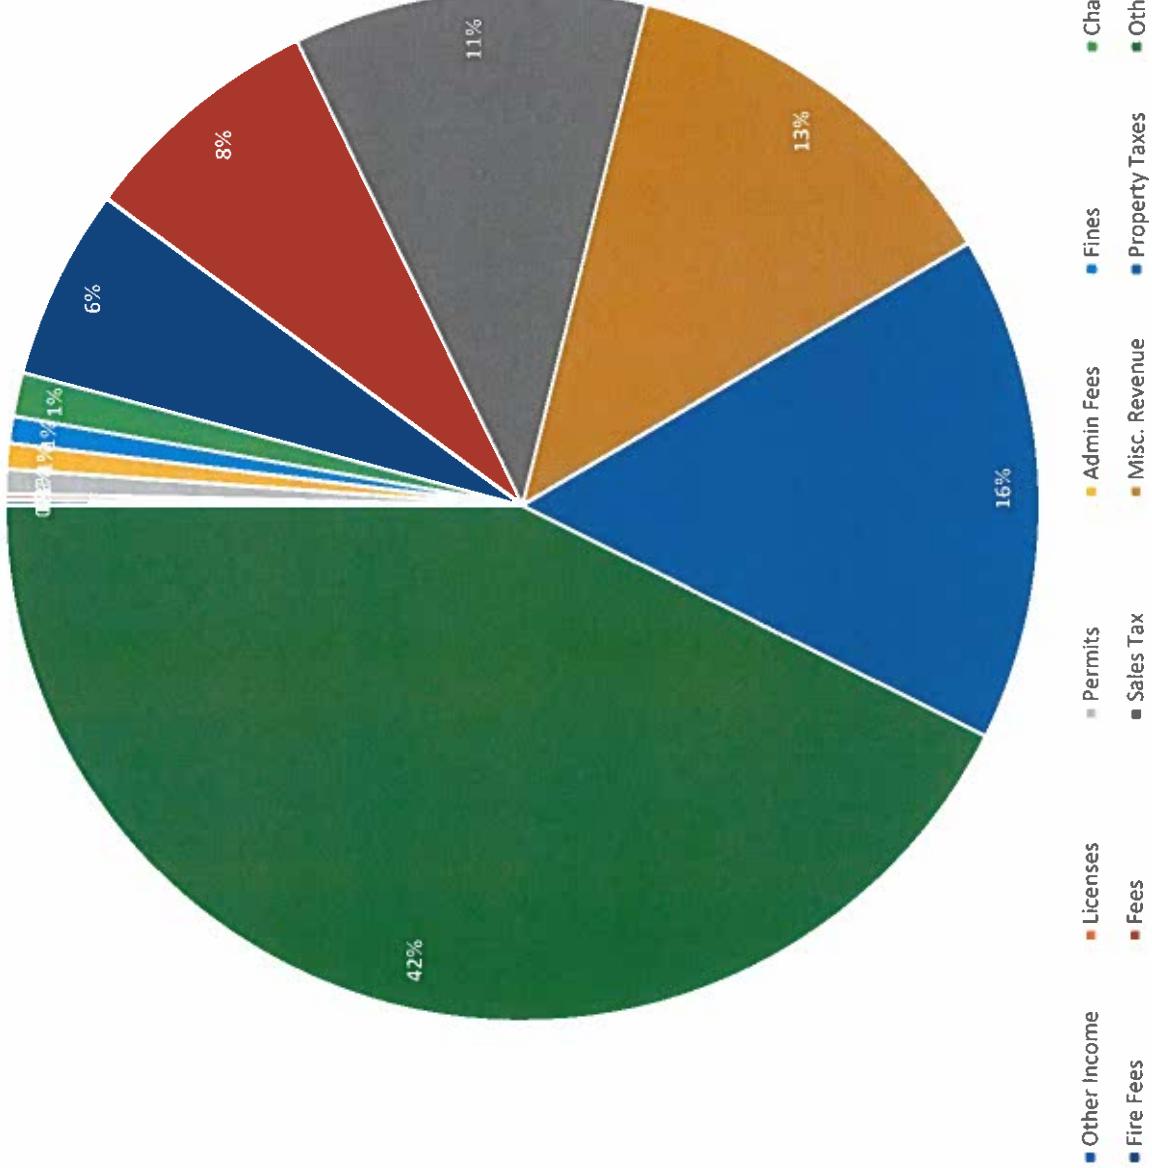

Taxes and Fees

Please note that there are no proposed tax or fee increases proposed in the budget. However, revenues are extremely tight and expenses continue to increase. While we can work together to reduce expenses, City Council should also over the next fiscal year be aware of the revenue situation for consideration of potential adjustments.

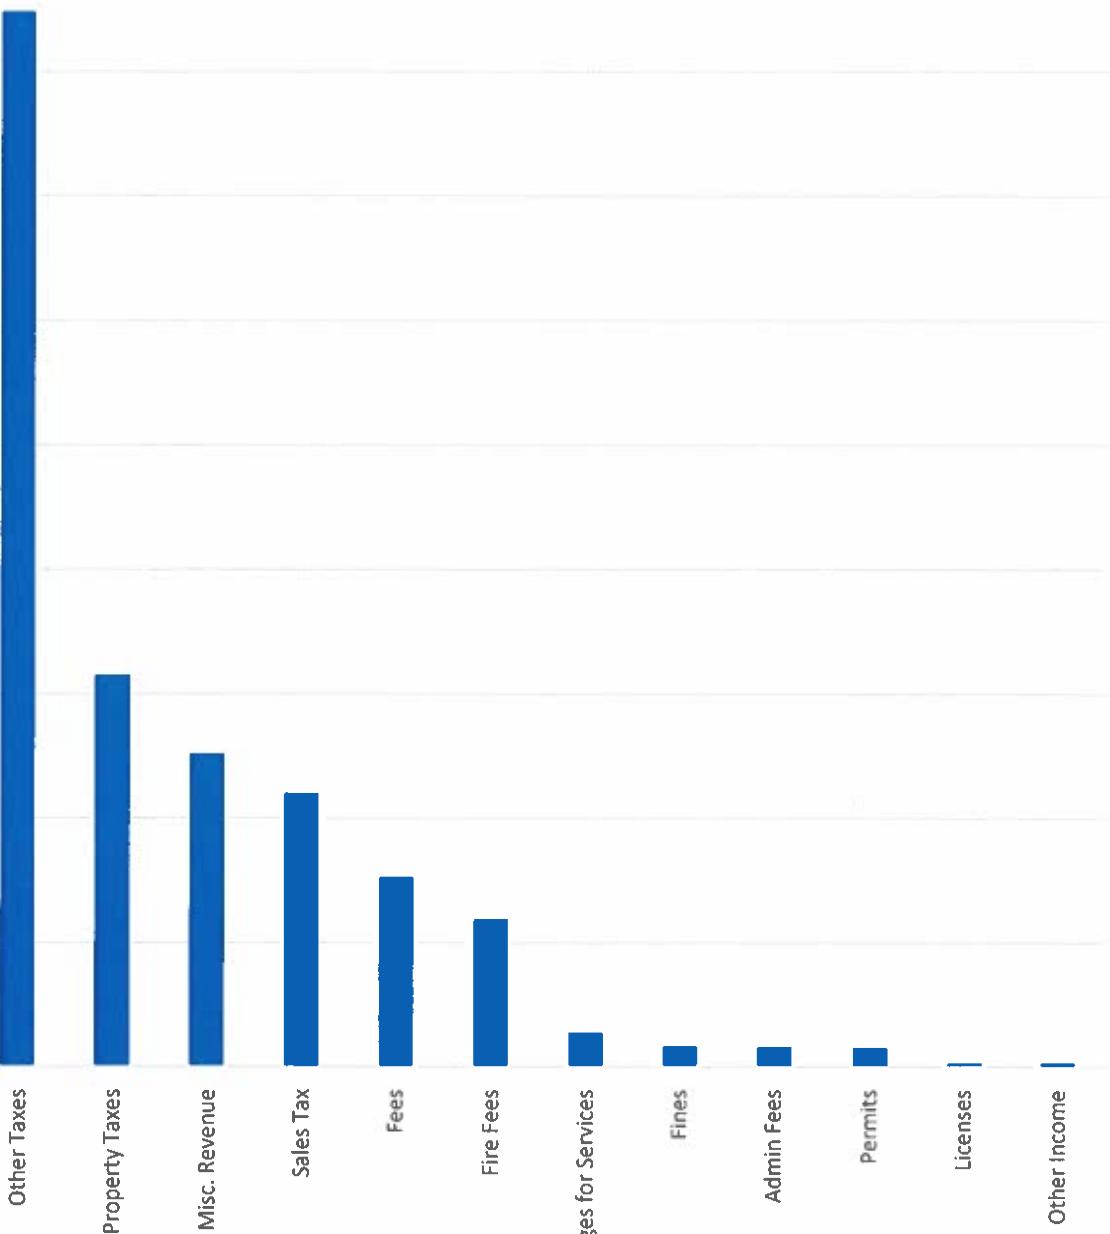

Employee Wage Adjustment

Unfortunately, this proposed budget doesn't include an employee across the board wage increase. The City has been able to afford increases over the past three years, however this year's budget has constricted to the point that an increase is not financially feasible at this time. However, as has been the case for the past several years, once the current budget year ends on June 30, 2025, this issue is routinely revisited as part of the year-end review.
